

BCOPOA Called Meeting

February 26, 2018

Members present: Dola, Brian, Nick, Sam, Denise

Called to order at 7:00 PM

Tom Hallberg explained how the Oak wilt trenching/treatment work will be done, how much it will cost and how the Forestry service will reimburse the BCOPOA. We Love Trees will do the work as they come in with the best bid and are approved by the Forestry Service. He will also provide a flyer/letter regarding the infestation, sale of trees and how to contribute to the fund. This will be added to the annual assessment invoices sent out by Kathryn Rosenbluth. Tom reported that the Casney's declined any participation in the trenching or treatment at this time. The project will start mid April.

The latest insurance premium of \$2073.00 was approved for payment.

The Board will set a time for the next meeting at a later date.

Meeting adjourned 8:10 PM
